**LOGISTICS S.A.S.**  
GLOBAL LOGISTICS SOLUTIONS

**Experts in International Logistics, Supporting Ecuadorian  
Foreign Trade with Excellence and Trust**

# Who we are

At Kyros Logistics S.A.S., we are the strategic partner that empowers international trade through smart, secure, and customized logistics solutions.

We drive the growth of companies across all sectors and sizes by facilitating their access to global markets with agility, precision, and a results-oriented vision. Our proven track record in international logistics—backed by cutting-edge technology and a highly qualified team—ensures efficient processes, regulatory compliance, and reliable support at every stage of the logistics chain.

We don't just transport goods—we create connections that transform businesses and open doors to the world.

# Comprehensive Logistics Strategies for Your Business

- **Specialized Supply Chain Consulting**
- **Efficient Global Multimodal Transport Management**
- **Fast and Reliable Customs Clearance**
- **Full Protection for Your Goods in Transit**
- **Nationwide Logistics with Coverage and Precision**

# Maritime Transport

Our service includes:

- Comprehensive maritime cargo management
- Flexible container options tailored to your needs
- Efficient routes and optimized transit times
- Personalized service and detailed tracking
- Regulatory compliance and professional customs management
- Security protocols and logistics risk management

# Air Transport

Our service includes:

- Strategic and global air coverage
- Comprehensive air cargo management
- Regulatory compliance and professional customs handling
- Advanced security and specialized handling of sensitive cargo
- Personalized attention and continuous support
- Operational efficiency at every stage of the logistics process

# Complementary Services

## Efficient Customs Management

We ensure compliance with all current regulations and optimize every customs operation. Our specialized team supports you in simplifying processes, reducing turnaround times, and avoiding issues in your import and export procedures.

## Efficient Domestic Transport

We manage the movement of your cargo nationwide with speed, security, and punctuality. We coordinate strategic routes to guarantee on-time deliveries, optimizing both costs and transit times in every logistics operation.

## Cargo Insurance

Protect your goods at every stage of transport—by land, sea, or air. We offer customized policies that safeguard your investment against any eventuality, giving you peace of mind and confidence throughout the entire logistics process.

# Logistics Consulting

- Our service includes:
- Comprehensive supply chain optimization
- Efficient route design and transportation planning
- Advanced inventory management
- Implementation of logistics technology and automation
- Regulatory compliance and specialized customs management
- Logistics risk assessment and management
